**NANCY R. ROSSI**  
Mayor, City of West Haven

**MAUREEN B. LILLIS**  
Health Director, City of West Haven

## **Mayor Rossi and Health Director Lillis Joint Statement on the Option of Wearing Face Masks in All City Buildings**

WEST HAVEN, Feb. 25, 2022 — Mayor Nancy R. Rossi and Health Director Maureen B. Lillis have released a joint statement on the option of wearing face masks in all city buildings.

“We have come a long way since March 2020. Thank you to all who have received vaccines and worn face masks during the past two years.

Moving forward, it may be necessary to revert to our mitigation strategies for future coronavirus variants. But for now, given that the positivity rate in West Haven is decreasing and trending in the right direction, face masks will be optional in all city buildings, effective Tuesday, March 1.

Please be courteous of those who do choose to wear face masks.”
